

# Sexual Addiction: Differential Diagnosis, Treatment and Erotic Recovery

A four part teleclass

With Joe Kort and Tammy Nelson

Sexual Addiction - What is it? Does it exist? There are many reasons someone experiences hypersexuality. Sexual Dependency is a syndrome that can include out of control sexual behaviors, internet and porn addiction and compulsive infidelity. Find out how to determine when behaviors are addiction or if they are an indication of other things. Also, we will look at the spouse and partner of the sexual dependent and use real case examples to delve deeper into the diagnosis, meaning and treatment. Participants will learn how to make a differential diagnosis, provide accurate and empathetic treatment for the patient and their partner, and examine how their own countertransference often interferes with treating sexually disordered patients.

**TELECLASSES ARE ON-THE-PHONE CLASSES – YOU DO NOT NEED TO JOIN LIVE – YOU WILL RECEIVE A RECORDING OF THE CLASS TO LISTEN ON YOUR OWN TIME**

May 18 & 25, June 1 & 15, 2010  
3pm to 4pm EST

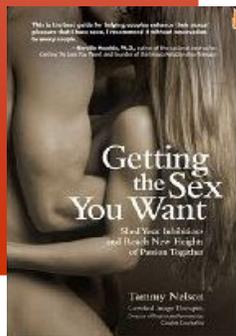

**COST: \$195 for all 4 classes**
